# Permit Register Instruction Sheet and Code References

Please submit this form to Ecology's Air Quality Program headquarters within three days after an agency determination has been taken. Agency actions that require public notice in the Permit Register are described in the table below.

Number 3 – Write in correct code found in the table below.

Code	Permit Action
SM	No operating permit required. This facility has limited its potential to emit through an "091" order
AP	Intended denial of a permit application
AC	Receipt of a complete permit application
DP	Issuance of a draft permit or renewal
DQ	Issuance of a draft permit modification
DV	Public meetings or hearings on a draft operating permit
IF	Issuance of a final permit
IM	Issuance of modifications to final permit
SP	Scheduling of a public hearing due to public interest
SI	Related activities that the permitting authority considers to involve substantial public interest
SH	Permit appeal to the Pollution Control Hearings Board
SG	Issuance of a draft general permit
SE	A periodic summary of enforcement orders and changes made without revising the permit

Number 5 – Provide a short description of the activity at the facility; examples: aircraft manufacturing, kraft pulp mill, grain elevator, food processing facility, bulk petroleum terminal, etc.

Number 6 – Please fill in the year to which the emissions data belongs and the number of tons per year for each pollutant. For those pollutants that are not regulated at the facility, note N/A for not applicable.

Number 8 – If this is a Permit Register notice for a permit modification, briefly describe the changes in emissions.

Number 9 – Indicate the date the determination took place.
